

SHANTI ACTION CLUBS

What is an Action Club?

An action club is a group of children who volunteer their services to help make the world a better place. Most action clubs work for their local communities although others work for causes both national and international. Children run the club with the help of adults and choose which projects they get involved in. They also decide when and how often they meet.

What are some of the activities action clubs get involved in?

Taking gentle natured animals to visit people in care homes; tree planting; collecting litter from natural environments; cleaning the local community; setting up worm farming and composting projects; writing letters of support and encouragement for those in need; raising money for good causes; collecting toys for children in hospital; putting on plays to raise community spirits; helping refugees, disaster victims, homeless people, elderly people, disabled people, sick and hungry people, animals; the list goes on and on.

Why should I get involved with an action club?

If you want to be happy you need the people around you to be happy also. This is what an action club is: a fun way of making your community and the world a better place. The future of the world will one day be in your hands so why not start making the world a better place from today? Don't forget, you and your friends won't be alone. Children and young people all over the world will also be helping and that's how we will all make a big difference to our planet.

You will get to meet others who want to make a difference and you will learn lots of new things that will help you for the rest of your life. Everyone has their own special skills and talents to offer to make the world a better place and you're no different. If you don't know what these special skills and talents are that's not because you don't have them, but because you haven't found them yet. An action club will help you. Besides no one is exactly like you and no one else can bring the ideas and abilities you can.

OUR FIRST MEETING WILL BE HELD ON at

THE LOCATION WILL BE:
